"Iraq for Sale: The War Profiteers" is the story of what happens to everyday Americans when corporations go to war. Acclaimed director Robert Greenwald (Wal-Mart: The High Cost of Low Price, Outfoxed and Uncovered) takes you inside the lives of soldiers, truck drivers, widows and children who have been changed forever as a result of profiteering in the reconstruction of Iraq. Iraq for Sale uncovers the connections between private corporations making a killing in Iraq and the decision makers who allow them to do so. "
